Serving With the People of Rwanda

## *July/August 2011*

**From Marty** - We have had a very busy “summer”. We hosted six university interns. During their stay, we worked at a youth training camp and went on a weeklong survey trip into the wilds of Tanzania. Training and mentoring continues with the National Taekwondo team, as we prepare for the All-Africa games in September. The Wednesday night Bible study group continues to meet and grow.

**From Louise** - The boys being out of school has meant there were very few quiet moments in the last 2 months. I spent most of my days feeding them and running taxi service for golf and tennis practices. As always, we were encouraged to see God’s working through the eyes of our interns. Shortly after their departure, we made a trip to Togo. It was a blessing to be able to return to visit our church families there.

**From the boys** - We were so glad to be out of school. Tucker and Taylor played lots of golf. Tanner took tennis lessons. And Trevor hit balls at the golf range. We had a great trip to Togo. We got to go to the beach and the golf course and eat at some of our favorite places. Then we went to Tabligbo and saw our old house and friends there. We got back to Rwanda on the first day of school.
